Membership Projection By Grade Level

Historical Enrollment Projections

Summary

- ▶ Student enrollment projections for the 2013-2014 school year reflect the slow growth experienced in the past year.
- ▶ The building program projections continue to reflect the impact of a slowly recovering economy and lower birth rates.
- ▶ Projections do reflect increased growth within the next 10 years but the growth is moderate.

Next Steps

- ▶ OREd will produce regional projections and update “Circles”
- ▶ Staff will review student enrollment based on 20th day enrollment numbers for the 2013-2014 school year.
- ▶ Continue to assess OREd geo-coded data and functionality of enrollment projection model.
- ▶ Data will be used in developing building program scenarios for next building program.
- ▶ Review projected capacity through 2020
