=====  
*Kathryn Watson Quigg called the meeting to order at 6:30 p.m. Ms. Quigg stated that the Board’s public hearing this evening is to receive public comment, pro and con, on the Human Sexuality Education Curriculum. On November 5, the board will vote on the recommendations made by administration.*

*The curriculum has been available for review by the public at 5 sites throughout Wake County. There has been and continues to be opportunities for public comments through the system’s web site.*

*The board will hear as many people as the time allows in a format that provides an opportunity for both sides of the issue to be heard.*

*A total of 115 people signed up to speak. If each person takes the allotted 3 minutes, the board will be unable to hear everyone in the allotted time. In an effort to hear from as many different people as possible, it is suggested that those who have addressed the board before on this issue, relinquish their turn to speak when called upon. If a speaker hears their comments made previous to being called on to speak, that speaker may wish to relinquish all opportunity to speak. If comments can be made in less that 3 minutes, that will also allow for more people. The board asked for your cooperation in showing respect for the person at the podium that allows them to speak without interruptions or remarks from the audience.*
