

RESOLUTION

In Support of the Naming of the Proposed West Apex High School

WHEREAS, by way of vote, the Wake County School Board has previously resolved to designate a new educational facility located on Humie Olive Road in Apex as West Apex High School; and

WHEREAS, the Town of Apex Town Council has not wavered in its pride and commitment to the branding of this fine educational facility with the West Apex name; and

WHEREAS, the Town of Apex Town Council believes in the appropriateness of the name of the facility that is already in the Apex corporate limits and is physically located in the western part of the Greater Apex community; and

WHEREAS, we believe that this facility is best served by a name that is geographically locatable to most people as it will be attended by more Apex residents than any other community; and

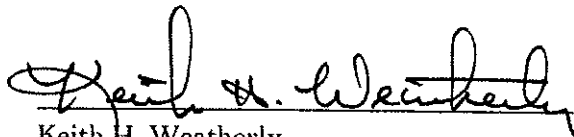

WHEREAS, the facility will have an Apex mailing address and its construction would not be possible without the Town of Apex water/sewer and electric service; and

WHEREAS, the Town has always enjoyed a tremendous relationship with the Friendship Community – a very special part of Apex – and believe the Friendship community will be as proud and supportive of the new high school in West Apex as all of the extended Apex community will surely be;

NOW, THEREFORE, BE IT RESOLVED that the Town Council for the Town of Apex, North Carolina, looks forward to celebrating the educational advancement of our community with the opening of West Apex High School and urge our local educational leaders to continue to support a position that will accurately embody the presence and spirit of this facility which we believe will positively affect the lives of those in the Apex community.

This the 19th day of March 2013.

Keith H. Weatherly
Mayor
