BACKGROUND

The N. C. Department of Transportation Fortify project, currently in the first year phase, will continue into the second phase beginning at a date currently estimated to be near the end of calendar year 2014. WCPSS, has conducted modeling studies to estimate the impact of our school bus transportation operation for the 2014-15 school year. WCPSS has reviewed our modeling and current estimates with both ITRE and N.C. D.O.T. Staff will present background on the studies and currently estimated impacts on the WCPSS school bus transportation operation.
