Main Points

The Teacher Leader Corps (TLC) is a district-wide professional development initiative focused on the development of teacher leadership as well as equipping teachers with strategies to integrate digital content as well as best practices for student engagement. The TLC includes 680 teachers (4 from each school) who are trained five times each year over the course of three years. The purpose of this presentation is to share an overview of Year 1 which was completed in the spring of 2014. We will also be providing information on the planning process for Year 2 as well as an overview of the content focused around literacy.
