STRATEGIC PLAN FOCUS GROUP AND SURVEY RESULTS

**Department, Board/Staff Liaison(s), and any Presenters from Outside the District**

Dr. Marvin Connelly, Chief of Staff

Dr. Brad McMillen, Assistant Superintendent, Data and Accountability

Peggy Moulton-Abbott, Issues and Answers, Inc.

**Main Points**

The district sought community input during phase one of developing a new strategic plan through focus group sessions and a survey. Input was sought on what the priorities needed to be for the district, how the community envisions the future and their beliefs around how the district should prepare our students for the future. The results of focus group sessions and survey results will be shared with the Board of Education. Over 100 stakeholders (internal and external) participated in the focus group sessions and over 11,000 participants completed the survey. Dr. Tony Wagner and the board members will discuss the report results.

**Fiscal Implications**

N/A

**Savings**

N/A

**Recommendation for Action / Next Steps**

These results will be shared with the Strategic Plan Work Team to inform development of the Strategic Plan.
