BACKGROUND

Wake County Public Schools policies and practices regarding its local AIG program are developed through the writing of a local AIG plan. This AIG plan is approved by the local board of education and submitted to State Board of Education/DPI for comment. Per state legislation, AIG plans must be revised every three years by the LEA. In 2009-10, LEAs revised their local AIG plans and programs with the guidance of DPI. Wake County Public Schools received an extension on submitting the local AIG plan due to a comprehensive AIG audit that was conducted in the spring of 2013. Staff will present the new plan to the board for feedback and discussion.
