

Vendor Questions for RFP #251-24-132 – Wellness & Self-Care Speakers

Reference	Vendor Question	Answers
	Is there a requirement for speakers and service providers to hold a specific degree in the counseling field?	Degrees in Counseling, Social work, School Psychology, Teaching, Educational Leadership.
	Does the speaker or provider need to be a licensed counselor, or can it be someone with coaching/teaching/speaking experience and certifications?	Degrees in Counseling, Social work, School Psychology, Teaching, Educational Leadership.
	Would the services be provided to individuals, schools, or groups, and would it be for just the counseling dept or for other therapists, educators, etc.?	Services are provided via asynchronous through an external website and direct speaking engagements at District level/school level events.
	Is the district looking for trainings to help the providers themselves with self-care, stress, meditation or to use within the classrooms - or both?	Both
	I have submitted a previous bid for other services within the district. I want to make sure that there are no rules or policies against sending in bids for different services, or for working in that dept (if the bid goes through) and then also speaking and providing this type of service.	There is no reason you can't provide more than one type of service for the district.
