

**Questions & Answers for IFB #251-26-254
AUDIOVISUAL EQUIPMENT & ACCESSORIES**

Line #	Reference	Vendor Question	Answers
1	IFB Section Scope of Work, Pg 4	Peerless SF650 Smartmount Universal Flat Mount are specified but under wall installation Crimson T55 Mount is specified. Why 2 different mounts?	Two mounts are necessary due to size and location of displays.
2		Wall installation is also specified, are all of the displays to be installed in one central location or in multiple locations? If in multiple locations, can you provide locations and number of displays for each location?	(1) Wendall Magnet Middle School 3409 NC-97 Wendell, NC 27591 9 - displays (2) Wendell Magnet Elementary School 3355 Wendell Blvd. Wendell, NC 27591 4 - displays
3		What are the school locations for each of these installs?	See line #2
4		What are the room numbers or locations for where these tv's will be installed?	Room numbers and locations will be shared with awarded vendor. Wendell Magnet Middle School has both block walls. Wendell Magnet Elementary has drywall. Awarded vendor(s) will receive a map of each school with specific locations.
5		Which size TVs will go in each of these locations?	Information will be provided upon award.
6		Will any be mounted in a hallway which will require special mounts to comply with fire code?	Wendell Magnet Middle School – All except 1 Wendell Magnet Elementary School - All
7		Will we be taking anything off the wall before install (tv's, interactive panels, screens, etc.)?	No.
8		Will cable tracking be required to hide the power cables on any of the installs? If so, which ones?	Yes, tracking will be required to hide power cables.
9		How high up on the wall from the floor to the bottom of the tv are the tv's expected to be mounted?	Wendell Magnet Middle School – (3) Vivis on existing displays over 8'. All others standard installs

10		What are the walls made out of in those spaces? (block, drywall, etc.)?	See Question #4
11		Will Facilities and Maintenance need to inspect these locations before installation or after?	No.
12		Who is our contact at Wake County Schools for any install process questions?	This information will be provided upon award.
13		Who at Wake County Schools would be responsible for verifying that we have a building permit?	Vendor is responsible for permit verification.
14		Who will be the primary site contact for scheduling the install appointments?	This information will be provided upon award.
