

Questions for RFP #251-23-328 – Alternative Transportation Management

Reference	Vendor Question	Answers
Scope of Work, page 5	Is there a pre-approved list of transportation providers? If not, and we as the organization provide the transportation, how do we bill or get reimbursed for that?	This RFP is seeking a provider that will obtain, manage, and distribute fuel cards only, set up ride sharing or taxi services, and manage mileage reimbursement to families in need. The above services as well as hourly fees to arrange for services will be provided to the vendor through funds from WCPSS. Vendors who are interested in becoming a transportation vendor for the district may reach out to Customer Service at 919-805-3030 (option 5) for more information.
	Also, if there a list of pre-approved transportation providers, how do we get on that list?	See response to first question
	Who is the current transportation vendor/s servicing Wake County?	See response to first question
	To allow for more competitive bids, can Wake County provide current route information and vehicle types?	See response to first question
	Will Wake County require drivers to be drug and alcohol tested post-accident, after reasonable suspicion, and randomly?	See response to first question
	Because of the sensitive nature of this contract, will Wake County require A-rated insurance?	See response to first question
	Does Wake County require bidders to have driver training specific to <u>student transportation</u> ?	See response to first question
	Does the school district require all drivers and monitors to be employees of the primary contractor?	See response to first question
	Will all questions be answered publicly?	Yes.
	As public funding often prohibits offshore outsourcing, does the county require the applicant to have support and dispatch in the United States?	See response to first question
