

Questions for IFB #251-23-377 – STEM Expedition Curriculum

Reference	Vendor Question	Answers
	Are these units intended to be used as a whole class activity? Or in smaller groups of students?	All students will be working on the same expedition at the same time (to allow for whole-group instruction) but the materials should be packaged in a way to allow for hands-on work with partners or group work (2-4 students).
